

Passport P10 Personal Sound System

The Passport by Fender defined the portable sound system. Every Passport product is designed to offer the ultimate in convenience, portability and ease of use for its particular application and user.

The Passport P10 is a highly portable, personal sound system ideal for paging applications, tour guides, classroom and day care activities, crowd communications and all situations where you need to raise the volume of your voice to communicate effectively with a crowd or small audience.

The P10 has a built in rechargeable battery which provides 25 watts of power for up to eight (8) hours of continuous operation. Recharge time is only four (4) hours (AC switch mode charger included). The custom designed 5" speaker is specially tailored to voice reproduction.

Additional features include an output level control, a battery charge indicator, a shoulder strap for easy hands-free transportation, a built-in carry handle, a 1/4" input jack (for a microphone) and an 1/8" input jack for connecting a cassette, CD player or other audio device.

The P10 comes complete with a dynamic microphone and 3' coil cable.

- Molded carry-handle
- 5" loudspeaker
